

**WE DECLARE**  
**THE UN COMMISSION ON THE STATUS OF WOMEN**  
**ILLEGITIMATE**

**THE ISLAMIC REPUBLIC:**  
·  
*legalized rape of girlchild*  
*(age of marriage for girls: 9)*  
·  
*74 lashes for no hijab*  
·  
*execution for lesbians*  
·  
*woman worth ½ of man*  
·  
*inheritance ½ of man's*  
·  
*prison rape*  
·  
*execution by stoning*

**The existence of the Islamic regime is dependent first and foremost upon the subordination and repression of women.**

Yet the United Nations and its constituent governments chose to seat a government that is an affront to all of humanity on the UN Commission on the Status of Women, a UN body with the mission of being **“dedicated exclusively to gender equality and advancement of women.”**

**The international community of citizens fundamentally rejects this travesty,** which not only shows clear animosity towards the women of Iran but threatens women worldwide by allowing the world's most anti-woman regime to set policy on gender at the global level.

**The international community recognizes the struggles of Iranian women and honors their sacrifices.**  
**WE STAND IN SOLIDARITY WITH WOMEN IN IRAN**

**And we stand against the UN and its Commission on the Status of Women until the Islamic regime is removed from the Commission on the Status of Women.**

*We hereafter, and as long as the Islamic Republic remains a member of the UN Commission on the Status of Women, declare this Commission illegitimate.*
